

Environmental Policy Statement

The ICC hosts hundreds of events each year attracting millions of visitors to our venue. As such, without a robust environmental management system in place, this could have a significant impact upon the environment from our activities and those of our customers.

We are committed to responsibly managing the environmental impact of our operations and have fully implemented a robust environmental management system to reduce the impact over time.

We comply with environmental legislation and regulation by fully implementing policies, processes and a positive, environmentally friendly culture to help us meet those obligations.

We have set clear objectives to reduce the environmental impact of our activities. We are committed to achieving those targets within the objectives and have a team in place that helps achieve this. By maintaining accreditation to ISO 14001:2015 for our operations we ensure we are fully compliant with all legal and moral obligations.

We are committed to:

- Using efficient sources of energy, conserving energy and selecting renewable sources of materials where possible
- Consideration of environmental best practice in all projects and refurbishments
- Encouraging colleagues to become more environmentally responsible in their daily activities
- Actively developing and regularly reviewing our environmental policies and procedures, verified through our ISO 14001:2015 accreditation
- Developing further our comprehensive waste management system to help manage the reduction and segregation of waste, ensuring compliance with the waste hierarchy
- Constantly monitoring our BMS (Building Management System) taking steps to maximise efficiency and performance
- Implementing and maintaining high standards of operation, which comply with the ISO 14001:2015 requirements in all our activities

This policy statement will be reviewed annually to ensure that it remains appropriate with legislation changes and continuous improvement.

A handwritten signature in black ink that reads 'Kathryn James'. The signature is written in a cursive style with a large, sweeping 'K' and 'J'.
